**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. Having other options to choose from allows me to have an internet and phone connection which I depend on for my teaching career needs. The other big guys (ATT, Comcast, etc.) have made having a simple internet connection and phone line unaffordable. Sonic allows me to continue to have access to the internet and phone by their affordability - something that should be done by all broadband businesses! Please dont take away the freedom of consumers to choose for their own financial needs!
